RESEARCH AND STUDY OPPORTUNITIES IN LATIN AMERICA

DATE: 5 OCTOBER 2021 | TIME: 17:00-18:00 CEST
LOCATION: ONLINE | LANGUAGE: ENGLISH

This Conéctate A+ webinar will help students and researchers in Switzerland discover study and research opportunities in Latin America.

Conéctate A+ is a network of researchers and institutions interested in deepening the interdisciplinary, rigorous, and comparative analysis of top-priority problems linked to ecosystems, climate change, health, and sustainable development in the Tropical Andes – Central America region (Andes+). Conéctate A+ seeks to promote bilateral academic exchange between the Andes+ region and Switzerland.

WEBINAR PROGRAMME

Inigo Irarrazaval
A Postdoctoral Researcher at the Centro de Investigación en Ecosistemas de la Patagonia (CIEP), Inigo will share his experience of fieldwork challenges and research opportunities in Patagonia.

Henriette Graf
An Exchange Coordinator at the University of Bern (UniBE), Henriette will present UniBE’s partner universities in the Tropical Andes and Central America as well as the next steps for interested students.

Antonio Crespo
The Chair of the Biology Department at the Universidad del Azuay, Antonio will describe new MSc and PhD Programs in Natural Renewable Resources.
